CLAIMING CUP

The Claiming Cup is a team event between Indooroopilly and Brisbane Golf Clubs played annually at the alternate club. It became an official competition for the above pewter cup in 1967 after being a social event between members of both clubs, played on the Gold Coast during the January school holidays in the early 1960's. The Cup was originally held in the loser's clubhouse for the ensuing 12 months where any member from the winning side could demand it be filled for their pleasure. The "claiming" is now largely symbolic and the Cup is held by the winners.
