

Natural History of Indooroopilly Golf Club - Version 2

APPENDIX II - List of Fauna by Zoological Names

Observations January 2018 - November 2020

Compiled by David Hassall & John Walthall

Genus	species/cultivar	common name	Origin	Observed	Example Location on Golf Course
Mammals - based on diurnal visual sightings, signs and scats only					
Isoodon	macrourus	Northern Brown Bandicoot	SEQ	resident	diggings observed along river
Phascolarctos	cinereus	Koala	SEQ	visitor	possible scratch marks on blue gums along river
Pteropus	alecto	Black Flying Fox	SEQ	resident	intermittent camp on Indooroopilly island
Tachyglossus	aculeatus	Echidna	SEQ	resident	reported by others between Red 1- 4, & Gold 6-7
Pseudocheirus	peregrinus	Ringtail Possum	SEQ	resident	occasional roadkill/bushland
Trichosorus	vulpecula	Brushtail Possum	SEQ	resident	observed in clubhouse surrounds
6					
Microbats -based on a 2005 Anabat call anlysis at IGC for Lindsay Agnew (austecology)					
Chalinolobus	gouldii	Gould's Wattled Bat	SEQ	resident	widespread; nests in tree hollows
Chalinolobus	nigrogriseus	Hoary Wattled Bat	SEQ	resident	Northern Australia; nest in tree hollows
Miniopterus	schreibersii	Common Bentwing Bat	SEQ	resident	nests in caves, mines, culverts
Miniopterus	australis	Little Bentwing Bat	SEQ	resident	East Australia; nests in caves, mines, culverts
Myotis	macropus	Large-footed Myotis	SEQ	resident	Fishing bat East Australia; nests near water
Saccolaimus	flaviventris	Yellow-bellied Sheathtail Bat	SEQ	resident	nests in tree hollows
Scotorepens	species	Central E Broad-nosed Bat	SEQ	resident	nests in tree hollows
Tadarida	australis	White-striped Freetail Bat	SEQ	resident	nests in tree hollows <i>E tereticornis</i>

8

Genus	species/cultivar	common name	Origin	Observed	Example Location on Golf Course
Birds - based on anecdotal observations and calls					
Acridotheres	tristis	Common Mynah	India	resident	Red 1 fairway 14.3.18
Acrocephalus	australis	Reed Warbler (Aust)	SEQ	visitor	Red 7 dam reported by Tom Oliver
Alectura	lathami	Australian Brush-Turkey	SEQ	resident	common in gardens building mound nests
Alisterus	scapularis	Australian King Parrot	SEQ	summer	along river
Amaurornis	olivaceus	Water Hen	SEQ	resident	around ponds
Anas	gracilis	Grey Teal	SEQ	visitor	around ponds
Anas	superciliosa	Pacific Black Duck	SEQ	summer	around ponds
Anhinga	melanogaster	Darter (Australian)	SEQ	resident	around ponds esp Red 9
Anthochaera	chrysoptera	Brush Wattlebird	SEQ	visitor	along river LHS red 4 men's tee
Ardea	alba	Great Egret	SEQ	May-20	Red 9 ponds
Ardea	ibis	Cattle Egret	SEQ	Oct-20	Red 3/7 ponds
Ardea	intermedia	Intermediate Egret	SEQ	resident	around ponds
Aviceda	subcristata	Crested Hawk (Pacific Baza)	SEQ	October	along river red nine
Aythya	australis	Hardhead	SEQ	resident	ponds & river
Burhinus	grallarius	Bush Thick-knee	SEQ	occasional	observed near clubhouse & Green 1, 4
Butorides	striatus	Striated Heron	SEQ	summer	along river
Cacatua	galerita	Sulphur-crested Cockatoo	SEQ	resident	small flocks visit to forage in trees
Cacatua	roseicapilla	Galah	SEQ	resident	small flocks forage on grass
Cacatua	sanguinea	Little Corella	SEQ	occasional	feeding on Brisbane Wattle seeds
Cacatua	tenuirostris	Long-billed Corella	SEQ	resident	large flocks visit to forage
Cacomantis	pallidus	Pallid Cuckoo	SEQ	May	on Red 9 fairway
Calyptorhynchus	funereus	Yellow-tailed Black Cockatoo	SEQ	nomad	Ron Fraser report along River
Centropus	phasianinus	Pheasant Coucal	SEQ	April-May	heard in dense vegetation along river
Chenonetta	jubata	Australian Wood Duck	SEQ	various	common around ponds
Colluricincla	harmonica	Grey Shrikethrush	SEQ	spring-summer	near maintenance pond
Coracina	novaehollandiae	Black-face Cuckoo Shrike	SEQ	spring-summer	occasional visitor foraging in trees

Genus	species/cultivar	common name	Origin	observed	Example Location on Golf Course
Corvus	orru	Torresian Crow	SEQ	resident	near clubhouse scavenging food
Coturnix	australis	Brown Quail	SEQ	resident in dense bush	hides in long grass
Cracticus	nigrogularis	Pied Butcherbird	SEQ	resident	common in poinciana bar!
Cracticus	torquatus	Grey Butcherbird	SEQ	resident	common across course
Dacelo	novaeguineae	Laughing Kookaburra	SEQ	resident	occasional in 'old gum trees'
Dicaeum	hirundinaceum	Mistletoebird	SEQ	along river	spreads mistletoe seeds
Dicrurus	bracteatus	Spangled Drongo	SEQ	June-December	feeding along river bank, Red 5
Egreta	garzeta	Little Egret	SEQ	occasional	Gold 9/Red 9 ponds
Egreta	novaehollandiae	White-faced Heron	SEQ	resident	around ponds
Entomyzon	cyanotis	Blue-faced Honeyeater	SEQ	resident	common in spring
Erythronyctes	cinctus	Red-kneed Dotterel	SEQ	visitor	Red 7 dam Jan.20
Eudynamis	scolopacea	Common (Eastern) Koel	SEQ	spring-autumn	September - March migrant cuckoo
Fulica	atra	Eurasian Coot	SEQ	resident	around ponds
Gallinula	tenebrosa	Dusky Moorhen	SEQ	resident	around ponds
Gallirallus	philippensis	Buff-banded Rail	SEQ	visitor breeding	observed near clubhouse & Red 1 dam
Gerygone	levigaster	Mangrove Gerygone	SEQ	resident	mangrove habitat
Grallina	cyanoleuca	Peewee/Peewit	SEQ	resident	occasional across course
Gymnorhina	tibicen	Magpie	SEQ	resident	common across course
Haliaeetus	leucogaster	White-bellied Sea Eagle	SEQ	vagrant	wind-ranging along river
Haliastur	indus	Brahminy Kite	SEQ	resident	sometimes viewed from Green 4
Haliastur	sphenurus	Whistling Kite	SEQ	resident	along River at Gold 3
Himantopus	himantopus	Black-winged Stilt	visitor	visitor spring	edge of dam, LHS Red 3men's tee
Hirundo	ariel	Fairy Martin	SEQ	resident	trees at river edge
Hirundo	neoxina	Welcome Swallow	SEQ	resident	widespread & along river
Hirundo	nigricans	Tree Martin	SEQ	resident	ponds and along river banks
Lalage	leucomeda	Varied Triller	SEQ	nomad	LHS Red 4 reported by JW
Lichmera	indistincta	Brown Honeyeater	SEQ	Oct-Nov 19	LHS Red 1 men's tee near dam
Lonchura	castanaethorax	Chestnut-breasted Mannikin	SEQ		Grassland near water reported by Tom Oliver

Genus	species/cultivar	common name	Origin	Jan-21 Observations	feeding near Red 5 tee-block Example Location on Golf Course
Malurus	melanocephalus	Red-backed Wren	SEQ	Jan-21	feeding near Red 5 tee-block
Manorina	melanocephala	Noisy Miner	SEQ	resident	common; nesting June Green 2/8
Meliphaga	lewini	Lewin's Honeyeater	SEQ	6-8.20	seen in the Red nine interchange area
Merops	ornatus	Rainbow Bee-eater	SEQ	spring-summer	LHS Red 1 tee 22.9.18, river Blue 3
Myzomela	sanguinolenta	Scarlet Honeyeater	SEQ	Sep-19	Pair on Grevillea between Red 8 & 9
Nictycorax	caledonicus	Nankeen (Rufous) Night Heron	SEQ	Dec-13	Red 1 roosting in Tipuana tree by JW
Ninox	connivens	Barking Owl	SEQ	May	early evening call N of clubhouse
Ninox	novaehollandiae	Southern Boobook	SEQ	winter	night calls
Ocyphaps	lophotes	Crested Pigeon	SEQ	resident	occasional on fairways
Oriolis	sagittatus	Olive-backed Oriole	SEQ	summer	in figs near Green 2 green
Pachycephala	rufiventris	Rufous Whistler	SEQ	resident	Gold 5 below green reported by JW
Pandion	haliaetus	Osprey	SEQ	May, July	flying May, July near Blue 3 green
Pardalotus	striatus	Striated Pardalote	SEQ	mud banks	heard near Gold 5 tee-block
Pelicanus	conspicillatus	Pelican	SEQ	resident	2019 permanent around ponds
Phalacrocorax	sulcirostris	Little Black Cormorant	SEQ	resident	common around ponds
Philemon	corniculatus	Noisy Friarbird	SEQ	May-Nov	calling along River Red 5
Platalea	regia	Royal Spoonbill	SEQ	Mar-Dec	ponds, breeding plumage April
Platycercus	adscitus	Pale-headed Rosella	SEQ	spring-summer	occasional feeding on flowers
Podargus	strigoides	Tawny Frogmouth	SEQ	spring-autumn	in forest near River
Poephila	guttata	Zebra Finch	SEQ	resident	Grassland near water reported by Tom Oliver
Porphyrio	porphyrio	Purple Swamphen	SEQ	resident	Red 9 ponds
Psophodes	olivaceus	Eastern Whipbird	SEQ	May-June	along river in dense vegetation
Rhipidura	leucophrys	Willy Wagtail	SEQ	resident	widespread across course
Scythrops	novaehollandiae	Channel-billed Cuckoo	visitor	Sep-Mar	Sep-Mar visitors to parasitise nests
Sphecotheres	viridis	Figbird	SEQ	resident	Weeping figs RHS of Green 2 green
Strepera	graculina	Pied Currawong	SEQ	resident	widespread
Streptopelia	chinensis	Spotted turtle-Dove	introduced	resident	clubhouse surrounds
Threskiornis	molucca	Australian White Ibis	SEQ	resident	around ponds

Threskiornis	spinicollis	Straw-necked Ibis	SEQ	resident	across course in recent years
Genus	species/cultivar	common name	Origin	Observations	Example Location on Golf Course
Todiramphus	macleayii	Forest Kingfisher	SEQ	spring-summer	ponds RHS Red 9 fairway
Todiramphus	sancta	Sacred Kingfisher	SEQ	spring-summer	LHS Red 1 tee dam;nest in termite nest along river
Trichoglossus	chlorolepidotus	Scaly-breasted Lorikeet	SEQ	summer	occasional visitor to flowering trees
Trichoglossus	haematodus	Rainbow Lorikeet	SEQ	spring-autumn	regular visitor to flowering trees
Vanellus	miles	Masked Lapwing	SEQ	resident	common on Green 1 & Blue 9
89 Zosterops	lateralis	Silvereeye	SEQ	resident	Heard in bushes along river

Reptiles - records are from anecdotal observations only

Ctenotus	taeniolatus	Copper-tailed Skink	SEQ	spring	occasional seen in grassy areas
Dendrelaphis	punctulata	Common Tree snake	SEQ	summer	occasional sighting in garden areas
Emydura	macquarii	Short-necked Turtle	SEQ	all year	common in ponds, specially along Red 9
Hemidactylus	frenatus	Asian House Gecko	Asia-Pacific	all year	Sand box, RHS Gold 5 tee-block
Lampropholis	guichenoti	Grass Skink	SEQ	all year	common in longer grass
Morelia	spilota mcdowell	Carpet Python	SEQ	summer	occasional sighting in garden areas
Pseudechis	porphyriacus	Red-bellied Black Snake	SEQ	wet weather	reported by others during rainy season RHS Green 7
Pseudonaja	textilis	Eastern Brown snake	SEQ	spring-summer	LHS Red 7, late 8.2018; RHS Red 8 10.2020
Physignathus	leseurii	Eastern Water Dragon	SEQ	all year	common along the river banks
Tiliqua	scincoides	Blue-tongued Skink	SEQ	summer	Between Blue 5 & 6 near pathway
11 Varanus	varius	Lace Monitor	SEQ	summer	On fairways at Red 5 & Blue 6

Amphibians - most records from calls during wet weather

Bufo	marinus	Cane Toad	S America	wet weather	abundant around ponds
Litorea	caerulea	Green Treefrog	SEQ	wet weather	calling in wet weather
3 Litorea	fallax	Eastern Sedgefrog	SEQ	wet weather	calling 8.9.18 near Blue 7 tee block

Fish - surface sightings only - no trapping or catching

Anguilla	reinhardtii	Longfin Eel	SEQ	all year	most ponds
----------	-------------	-------------	-----	----------	------------

Genus	species/cultivar	common name	Origin	Observations	Example Location on Golf Course
Oreochromis	mossambicus	Mozambique Tilapia	introduced	all year	A restricted fish species in Qld - a pest!
3 Cyprinus	carpio	European Carp	europa & asia	all year	most ponds

Invertebrates

Segmented Worms - no systematic survey has been attempted

Amyntas	species	Garden Earthworm	introduced	summer	on grass after rain
Chtonobdella	whitmani	Leech	SEQ	summer	on Ron Youngson green 7, wet weather
3 Heteroporodrilus	tryoni	Giant Earthworm	SEQ	summer	seen on fairways after heavy rain

Insects - no systematic survey has been attempted

Abispa	ephippium	Potter Wasp	SEQ	spring	on grass fairway Red 1
Microcerotermes	turneri	a Termite	SEQ	all year	LHS Gold 3 along River
Nasutitermes	walkeri	a Termite	SEQ	all year	RHS Red 9 on Eucalypts
4 Trigona	carbonaria	Sugarbag Stingless Bee	SEQ	newly established	11.202 2 hives location tba

Spiders - no systematic survey has been attempted

Cyrtophora	moluccensis	Dome-web Spider	SEQ	summer-autumn	webs observed between trees
Heteropoda	jugulans	Brown Huntsman	SEQ	summer-autumn	sand-locker RHS Gold 5 tee-block
Lycosidae		Wolf Spider	SEQ	autumn-winter	footpath clubhouse surrounds
Nephila	species	Golden-orb Spider	SEQ	summer-autumn	3 species with large webs slung between trees
5 Venonia	micarioides	Morning Jewels	SEQ	autumn-winter	Morning Jewel webs on shrubs & grass

Butterflies - supplementary observations & images contributed by Mr J B Wade (JW)

Acraea	andromacha	Glasswing Brown	SEQ	April	Green 4 fairway
Belenois	java	Caper White	SEQ	November	Green 6 fairway
Caandalidies	giberti	Trident Pencil Blue	SEQ	April	Adjacent Blue 3 fairway
Catopsila	pomona	Lemon Migrant dark	SEQ	September	various locations
Catopsilia	pomona	Lemon Migrant light	SEQ	September	Gold 4 fairway

Cepora Genus	perimale species/cultivar	Caper Gull common name	SEQ Origin	March Observations	various locations Example Location on Golf Course
Cressida	cressida	Clearwing Swallowtail	SEQ	September	Green 6 fairway
Danaus	chrisippus	Lesser Wanderer	SEQ	March	near Clubhouse
Danaus	plexippus	Monarch	SEQ	September	Blue 5 fairway
Delias	argenthona	Scarlet Jezebel	SEQ	April	near Clubhouse
Deudorix	diovis	Bright Cornelian	SEQ	March	Male on Blue 3 fairway
Dolleschallia	bisaltide	Leafwing	SEQ	October	Green 7 tee; Gold 6
Eurema	brigitta	No Brand Grass Yellow	SEQ	November	various locations
Eurema	hecabe	Large Grass-Yellow	SEQ	tbc	tbc
Euploea	core	Common Crow	SEQ	October	Red 2 fairway
Hasora	chromus	Chrome Awl	SEQ	April	near Workshops
Hypolimnias	bolina	Varied Eggfly	SEQ	March	various locations
Junonia	villida	Meadow Argus	SEQ	September	Gold 7 fairway; Gold 1
leptotes	plinius	Plumbago Blue	SEQ	November	Gold 9 tee
Melanitis	leda	Evening Brown	SEQ	October	Green 3 tee
Nacaduba	kurava	White-banded Line Blue	SEQ	March	Adjacent Blue 3 fairway
Papilio	aegaeus	Orchard Swallowtail	SEQ	November	Gold 5 fairway
Papilio	anactus	Dainty Swallowtail	SEQ	March, April	feeding March on <i>Pavetta australiensis</i>
Papilio	demoleus	Chequered Swallowtail	SEQ	April, September	Green 6 green, on <i>Callistemon</i> flowers
Phaedyma	shepherdi	White-banded Plane	SEQ	May; September	clubhouse surrounds; Gold 4 fairway
Pieris	rapae	Cabbage White	SEQ	November	various locations
Psychonotis	cailius	Small Green-banded Blue	SEQ	April	Adjacent green 4 fairway
Suniana	sunias	White-brand Grass Dart	SEQ	March	Adjacent Green 3 fairway
Tirumala	hamata	Blue Tiger	SEQ	September	Red 5 fairway; LHS Green 5 fairway
Trapezites	eliena	Orange Ochra	SEQ	September	Red 2 tee
Zizinia	labradus	Common Grass Blue	SEQ	March	Green 6 temporary tee
Zizula	hylax	Dainty Grass Blue	SEQ	October	temp Green 6 tee

164 Total number of fauna species recorded to February 2021
