

**All my Dreams** (*Neoregelia* hybrid cultivar) A South American clumping tropical in the Western side of the Clubhouse surrounds.

**Big Blue** (*Agapanthus africanus*) A South African clumping tropical in the Western side of the Clubhouse surrounds.

**Big White Orb** (*Agapanthus africanus* cultivar) A South African clumping tropical in the Western side of the Clubhouse surrounds.

**Bird of Paradise** (*Strelitzia reginae*) A Madagascan clumping tropical in the Southern side of the Clubhouse surrounds.

**Blue Flax Lily** (*Dianella brevipedunculata*) An SEQ native clumping groundcover also growing on the RHS of the Red 5 men's tee-block, with flower close-up below. Differs from *D. caerulea* by its flower & fruiting stems shorter than the leaves.

**Blueberry Lily** (*Dianella caerulea*) An SEQ native clumping groundcover growing on the RHS of the Red 5 men's tee-block, with flower close-up below.

**Bordered Panic Grass** (*Entolasia marginata*) An SEQ native clumping groundcover with abundant seed-heads, with a close-up below.

**Kangaroo Paw PBR hybrids** (*Anigozanthos* x hybrid '*Bush Elegance*') Western Australian hybrids have also been developed to grow well in Eastern Australia, including this example behind the Red 7 green. The term 'PBR' means the propagation of this hybrid is protected under Australia's 'Plant Breeders Rights' legislation.

**Creek Matrush** (*Lomandra hystrix*) An SEQ native clumping groundcover with branched flower-heads, and a topiarised version on LHS Gold 7 men's tee-block below.

**Dwarf Agapanthus** (*Agapanthus africanus* cultivar) This clumping cultivar was recently planted in Clubhouse surrounds.

**Dwarf Philodendron** (*Philodendron* cv. Xanadu) This clumping cultivar is widely planted in the Clubhouse surrounds and behind tee-blocks.

**Fairy Iris** (*Diets grandiflora*) A South African clumping groundcover and flower close-up below, from the approach to the Red 1 tee-block.

**Kangaroo Paw cultivars** (*Anigozanthos flavidus* 'Red' & 'Yellow') Western Australian cultivars have been developed to grow well in Eastern Australia, including these two examples behind the Blue 7 tee-block (red) & LHS Gold 9 tee-block (yellow).

**Liriope Elmarco** (*Liriope* cv '*Elmarco*') This clumping cultivar was planted (pJW) in the new Poinciana Bar gardens.

**Mondo Grass** (*Ophiopogon japonicus*) This clumping cultivar was planted in the new Poinciana Bar gardens.

**Moses-in-a-boat** (*Rhoeo discolor* cv 'Dwarf') This widespread dwarf cultivar is planted in the beds surrounding the Clubhouse.

**Moses-in-a-boat** (*Rhoeo spathacea*) This widespread Central American clumping groundcover is planted in the gardens near the entry to the Clubhouse.

**Natal Lily** (*Clivia miniata*) This handsome flowering (Spring) groundcover can be seen along the pathway between Red 3 and Red 4.

**No-mow Grass** (*Zoysia tenuiflora*) This prostrate groundcover can be seen in the 'Wedding Garden' in front of the Clubhouse, deriving its descriptive name from the fact that it is naturally prostrate and doesn't require mowing.
